How it works

1 You recommend AltusHost to your friend, colleague or interested website visitor. He or she clicks on our affiliate link you placed on website or email you sent.

3 His or hers IP is logged and a small cookie is placed in their browser for up to 180 days.

2 They visit and browse AltusHost's website, and – luckily for everyone in the game – decide to order something they need or found appealing.

4 If the visitor orders something (in 180 days from the time cookie is being placed in his or hers browser), it will be registered as a sale for you and congrats – you will receive well-earned commission!
